**PACKAGING SOLUTIONS THAT MAKE YOUR
FOOD LOOK AS GOOD AS IT TASTES**

Help Consumers Carry their Cake and

Menasha Packaging is committed to becoming the premier provider of food packaging. We offer a variety of packaging solutions for the food industry that showcase the food, as well as transport it. Our celebrated Sunbrite Line®, consisting of windowed folding cartons, cake circles, and paperboard baking trays, is a staple in bakeries and grocery stores throughout the country. That's because these popular food packaging products:

- Offer an assortment of cheerful graphic designs to fit most any occasion
- Are easy-to-assemble; provide time-saving design
- Come in stock sizes for standard bakery and deli items
- Are conveniently shipped in case quantities

AIB-Certified

Circles, Boards, and Trays

Superlative cake circles and boards provide more profitable cake sales through enhanced presentation. We offer golden decorative circles for advanced merchandising, as well as simple white circles for standard presentations.

Our Golden Lace® line combines the warmth and richness of gold, the softness of lace, and the beauty of scalloped edges to create a sophisticated, luxurious presentation. Each Golden Lace board is made of sturdy corrugated for secure, reliable handling. We offer single-thickness boards for regular-sized cakes and double-thickness boards to support larger, heavier cakes.

Our Satinseal® line includes white corrugated cake circles, boards, and trays. Each product is specialty-coated for outstanding grease- and moisture-resistance and to eliminate edge wick staining.

Our nondetectable line of circles and boards offers excellent barrier properties and can pass through metal detectors, making them ideal for wholesale and central bakeries. The gold color and smooth, glossy surface give them added merchandising appeal.

Gallery™ foil-lined trays can be used in the oven for baking or warming, then beautifully display the product in the store and later be used to reheat at home. Gold lining adds a luscious buttery look.

Eat it Too

Food packaging solutions cater to your needs

We offer a wide variety of stock solutions for catering, bakery and deli packaging, or we can customize them to your specific needs.

Gallery™ picture-frame catering boxes help you make an impressive presentation of 16- and 18-inch party platters. The strong, rigid design safely stacks heavy food trays. Customers can easily remove and replace the lid, unlike with domed covers, which are prone to splitting or cracking.

HiWall™ boxes are the do-it-all solution for catering take-outs. Two sizes both feature high 8-inch walls, which are perfect for carrying picnic lunches, take-out turkey or ham dinners, or tall designer cakes. Half- and quarter-sheets also fit beautifully. The large windows show off your tempting food, while strong corrugated bottoms keep it securely packaged.

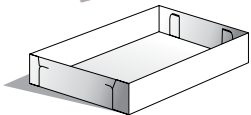

Reflections™ food-to-go boxes are stackable and secure for the safe transport of deli products. Several sizes are available, including a large size with handle for convenient carrying and a side pop-out for a drink or salad.

The Celebrations™ line consists of bright, festive window boxes for special occasion cakes. Transparent pressure-sensitive labels allow you to customize each box with a label for special occasions and holidays.

The String Ensemble™ adds an upscale look to your delectable pies, cakes, cookies, doughnuts, and elegant desserts. Features large picture-frame visibility, stately European design, and automatic time-saver construction.

Satinseal Bakeable Trays - White corrugated bake-in trays coated for outstanding grease and moisture resistance.

Specialty Packaging

Our specialty packaging is ideal for wine carriers, chicken party packs, and turkey/ham boxes. Remarkable insulation properties help to keep your foods hot or cold.

Each piece is constructed with strong corrugated paper, allowing for easy setup and disposal. We can customize any of these products with your own logo and graphics.

Nine specialized groups with one common goal: Helping you succeed

Menasha is the third-oldest, family-owned manufacturer in the **United States** ... yet we are home to some of the most **forward-thinking** professionals.

We are constantly coming up with **innovative** ways to **improve efficiency** as we design to new **retail supply chain** demands. These **award-winning solutions** can be traced back to nine groups within Menasha Packaging that work closely together to align their expertise with your marketing goals. As a result, we are able to achieve a **best-in-class** supply chain that benefits every segment.

RII Group - We leverage long-term retail relationships and tap into an extensive database of consumer and retailer insights to bridge the gap between the CPG and the retailer.

Display Group - Helping brands gain a competitive advantage through attention-grabbing temporary and permanent P-O-P displays.

Folding Carton Group - Innovators in brand-building, sustainable packaging solutions from a wide caliper range of paperboard and specialty substrates.

Food Group - We offer a variety of popular packaging solutions for bakery, deli, catering, and institutional applications.

Global Group - Innovative packaging, marketing, and logistics solutions developed specifically for the challenging global marketplace.

Healthcare Group - Zero-defect packaging that meets the highly regulated procedures in healthcare and pharmaceuticals.

Packaging Group - We specialize in high-end graphic, specialty protective, and secondary packaging products that build brands and drive out supply chain costs.

PrePrint Group - Meeting a variety of quality, color, and budget considerations through unmatched preprint excellence.

Services Group - We offer value-added services to manage projects from concept through completion.

For customized strategies designed to deliver profitable and sustainable marketing solutions, please call 888.390.2643 or email solutions@menasha.com today!
